

HORIZON RETRACTO™ RAIL HYDRAULIC STRETCHER

DESIGNED FOR PROCEDURE, RECOVERY & TRANSPORT

462 SERIES RETRACTO™ RAIL HORIZON HYDRAULIC STRETCHER

The Retracto™ Rail Hydraulic Stretcher is designed to provide longlasting and consistent performance. These easy-to-clean units support patients during transport in any hospital or surgical environment.

VERSATILITY:

- Streamline patient handling allowing this unit to be used from preinduction to transport to recovery to help improve case turnaround
- Easy to use hydraulic foot pedals to adjust height and Trendelenburg on either side of the stretcher
- Intermediate side rail position offers maximum patient access without compromising patient or staff safety
- Dual accessory wells at all four corners for versatility in adapting accessories
- Full perimeter heavy duty non-marring bumper system
- Seamless thermoformed base cover with storage
- Built-in oxygen tank holder
